Settings

Bot information

Bot name: AI Chatbot

Username: my_bot

Default language: English

Welcome message: Welcome!

Fallback message (empty = the built-in bilingual text)

Support contact: support@example.com

☐ Maintenance mode (the bot only replies "under maintenance")

AI settings

AI provider: not configured - set AI_API_KEY and AI_MODEL in .env. The key itself is never stored in the database.

Model (empty = AI_MODEL from .env)

Temperature: 0.3

Max length (tokens): 500

Response style: short - Answer in 1-3 short sent...

System Prompt (role, tone, allowed topics, safety rules): You are a helpful support assistant. Answer briefly and politely in the user's language (Khmer or English). Only answer topics related to our services. If you are not sure, say so.

Roles and permissions

Roles with `reply` see full user data; other roles see it masked.
